

300 Gallon Water Trailer

On or Off-Road Water Transportation

Built to withstand the demands of professional use with ease, our 300 gallon Water Trailer provides performance that you can count on. Standard features include a corrosion resistant galvanized steel deck and fenders, along with popular commercial-use options like a non-collapsible hose and industrial grade brass fittings. Choose this DOT compliant trailer model for use on public roadways, or if you're looking for on-property only use, the non-DOT water trailer or skid mounted models are also available.

Features and Benefits

Features

- Galvanized trailer and deck
