

Permanent Debris Boom

Controlling Debris, Aquatic Plants or Oil

Built for long-term use, heavy-duty Permanent Debris Boom is highly effective in controlling floating debris, sargassum, aquatic plants, and hydrocarbons (such as oil). It provides long term and significant cost savings as it typically lasts around 6 times longer in the field than other boom styles.

Constructed from materials that feature high tensile strength, abrasion tolerance, and UV resistance, Permanent Debris Boom provides dependable performance even in some of the most challenging project sites.

Common uses: marinas, ports, naval yards, repair sites, docks, oil handling facilities, piers, highly polluted areas, beaches, and keeping navigable waterways clear.

Features and Benefits

Features

- High visibility floats
- UV and marine growth inhibitors
- Variety of panel sizes, materials, connectors, floats, and more
- Cable guides, handles, tidal compensators

Benefits

- Able to withstand extended use and demanding conditions
- Bends and conforms to water movements, providing better protection
- Multi-use. Can be installed to contain, block or deflect floating debris

We are here to serve you. Just call or email with your project specifications and details, and we'll do the rest. Our goal is to provide the best solution for your project, with materials delivered on time at a price that fits nicely within your budget.

Permanent Floating Boom

Specifications

Fabric Options	150 oz PVC* 80 oz urethane coated polyester belting* 100 oz urethane coated polyester belting* *UV and marine growth inhibitors
Floats	18 3/8" x 6" or 6" x 10 3/8" Coast Guard approved marine grade Closed cell foam-filled ABS plastic with UVEX® an antioxidant and UV Stabilizer package
Connector Options	- Z-ASTM F962-04 - Universal slide PVC - Slide -ASTM F2438-04 - US Navy male/female
Weights	11 oz hot galvanized steel weights
Panel Depths	18", 24", 36"
Standard Panel Widths	50', 100'
Additional Options	One-way connector T connector (3-way) Y connector (3-way) Cable guides Boom handle Bulkhead riser/Tidal compensator
