

Express 500 Gallon Water Trailer

Rugged, Reliable Water Transport & Spraying

The Express 500 Gallon Water Trailer delivers beyond compare as a long-lasting multi-purpose water trailer. Our smallest DOT road-ready water trailer, the 500 Gallon Express trailer is versatile and adaptable. Built specifically for rigorous outdoor conditions, it is popular for use in dust control, watering vegetation, equipment washing, and on construction sites.

This product is fully DOT compliant with LED lights, safety chain and surge brakes (with electric brakes option). The Express 500 gallon Water Trailer does not require a CDL license for towing, and can be pulled by trucks or tractors rated for this GVWR.
