

FLAT BOTTOM STORAGE TANK

DESIGNED BETTER. BUILT STRONGER. LASTS LONGER.

STRONG-X™ ROOF DESIGN

The beefed-up roof structure with molded-in truss-like supports eliminates collapsing in extreme weather conditions.

RIBBED-WALL™ STRUCTURE

The ribs act like belts around the tank keeping it in shape. This reduces bulging.

THICK-WALL™ DESIGN

Extra-thick walls provide unmatched strength and durability.

ANCHOR-POINT™ LUGS

Four hefty built-in lifting and tie-down points at each corner make it easy to handle.

ROTO-MOLD CONSTRUCTION

When cooked and cooled at an even rate, the raw material is bonded together to make this tank virtually indestructible.

SINGLE-PIECE™ CONSTRUCTION

Rotationally-molded in a single mold means the tank is seamless, water-tight and leak-proof.

*Double your 5 yr tank warranty when you register this product. *All Enduraplas poly tanks are manufactured in the United States of America.
