GROUND THAWING

WAYNE BURKE
HAILEY IDAHO CEMETERY

The ground thawing blanket thawed 14 inches down. The grass greened up and I could cut the grass into strips and roll it up, the sod was in good shaped and stored well. After the burial, we put filled the grave and rolled to sod back out. Normally we tear out the sod and throw it away to replant in the spring. The Powerblanket was exactly what we needed to break through the tough winter soil. It saved us hours of manual labor and nearly \$100 in landscaping. We will use this over and over again.
