Water trailer tank heaters maintain stable temperature to protect water and other fluids against freezing in colder climates. Even in extreme cold, our thermal blankets protect water trailers to -40 °F. Use them for better efficiency for your liquid storage and hauling trailer year round, whether it's for agriculture, construction, landscaping or other uses. Keep water and other chemicals from freezing throughout the winter months. We provide fully enclosed, insulated blankets for your tank. It also comes with an available flap, giving you easy access to your tank. Our water trailer heaters are waterproof and safe for indoor or outdoor use!

We offer 525, 1010, and 1610 gallon thermal blankets, as well as custom sizes to fit your specific tank. You have access to your water trailer, tank or sprayer throughout the year, preventing downtime and additional costs. Backed with an industry leading 1-year warranty, our tanker trailer heater blankets provide a specific balance of convenience, safety and durability. Call us and let us help you find the right water trailer tank heater for your needs. Talk to us today about your unique application and we would be pleased to help.
Water Tank Blanket Heaters

Water tank blanket heaters protect your tank from freezing in colder temperatures. Our flexible and durable blanket heater is perfect for maintaining water and other fluids at their optimal temperature, without overheating. These 120-volt blanket heaters are designed to insulate your water tanker trailer against freezing, even in extreme temperatures, keeping your water and fluids flowing. These heater blankets are easy to install, remove, and relocate if needed.

**Water Trailer Heater Features**

- Prevents freezing of water and other fluids
- Maintains constant temperature
- Ensures proper viscosity
- Custom sizes available
- 1-year manufacture warranty

**Water Trailer Heater Benefits**

- Perfect for trailer tanks, sprayers or large and small tanks
- Eliminates downtime
- Used across multiple industries
- Cost effective
- Made in the US

**CUSTOM DESIGN**

Fits tank snugly to give you ultimate freeze protection

**OPTIMAL TEMPS**

Provides the right temperature for viscous fluids

**PEACE OF MIND**

Your fluid is protected for smoother operations
Tough and dependable, our 525, 1010, and 1610 gallon water tanker heaters give you the ability to use your water or other fluids by keeping them at a constant temperature. Our water tank blanket completely encloses your tank and has an internal thermostat to maintain heat in the coldest conditions. You will have access to your water trailer, tank or sprayer liquids throughout the year, preventing downtime and additional costs that often come with extreme temperatures.

See our other available power blanket thermal heaters, or for additional water trailer, sprayer, or tank options, visit our water trailer website: One Clarion Water Trailer.

Looking for Water Trailers?

While commonly used for water hauling and spraying, our trailers are actually built to withstand use with heavier liquids. This gives you flexibility and peace of mind in knowing that your multi-purpose trailer can safely handle whatever you need of it.
